Welcome

The Association PANK **welcomes you** on the seventh meeting within the EU project TROS - The Route of Solidarity.

PANK - Active Independent Creatives' Platform was formed in the beginning of 2017 in Pula, Croatia. Our vision is to create a society where citizens are motivated to make positive changes in their community, with special emphasis on co-operation between civil society, cultural associations and all interested parties and public institutions.

PANK also works with the aim to develop a **society of tolerance, democracy and multiculturalism**, focusing on developing social awareness and promoting social solidarity through our work.

PULA, CROATIA
21. - 27. NOVEMBER 2018.

The objective and goal of "TROS PULA" is to select and organize the video material collected in the different locations during the project in order to produce the web-doc.

An international and multilanguage group of media volunteers will work on this task. After intensive week in Pula, the "web-doc media" group will follow up working in a remote way until the production is completed.

The group will also be in charge of identifying documentary festival and web-doc contest for the dissemination and circulation of the product.

The result of meeting in Pula should be: Web-doc produced and dissemination strategy designed and implemented.

A black and white photograph of two people sitting on a bench, viewed from behind, looking out at a vast, calm ocean under a bright sky.
